Via ZOOM meetings:

We start the meeting with networking time, and then offer you the opportunity to share information about your summer programs, camps, adventures, services, and activities.

For those who wish to be recorded, we will record and post your information on our website so families can access it all summer long. It's a great way to share all the wonderful opportunities you have coming their way in Summer 2025!

INFORMATION & RSVP at www.recreationcouncil.org/program-summit and tell us:

- if you are coming to the meeting (or not)
- want to be recorded (or not)
- can't attend on February 13, but want to schedule a time at a later date to record your program information.

Only one person from your agency needs to RSVP so we know how many video slots to schedule. Everyone else is welcome to attend, but doesn't need to RSVP.

**Looking forward to seeing everyone! Contact us at
314-726-6044 if you have questions.**
