Come learn this new and user-friendly racquet sport combining tennis and pickleball. Lite Tennis is played with a soft, quiet specially designed and engineered foam ball that is hit with a tennis racquet on a Pickleball / Lite Tennis court. Scoring is simplified and it's easy to learn. Instructor, Leo Estopare, will share the joy of this game with people of all ages, all abilities, and all skill levels. Event is open to ALL!
We have one court for new tennis players and another court for the more experienced tennis players.
